DEEPAK

UI/UX DESIGNER

New Delhi, India • +91 7827774286 • dy753989@gmail.com • LinkedIn • Behance

PROFESSIONAL SUMMARY

UI/UX Designer with an academic background in English Honours from Delhi University, combining clear communication and storytelling with practical skills in user research, information architecture, wireframing, and interactive prototyping. Completed an end-to-end e-commerce UX case study grounded in primary survey research with 7 users and competitive benchmarking of Amazon, Flipkart, and Croma. Proficient in Figma, Adobe XD, Adobe Photoshop, Canva, and foundational web fundamentals. Dedicated to building clean, accessible digital interfaces backed by scalable UI components and functional user flows.

TECHNICAL SKILLS & COMPETENCIES

UX Methodologies: User Surveys, User Personas, Competitor Benchmarking, Information Architecture, User Flows, Lo-Fi to Hi-Fi Wireframing, Usability Walkthroughs

Design Tools: Figma, Adobe XD, Adobe Photoshop, Canva

UI & Interaction: High-Fidelity Prototyping, Design Systems, Auto-Layout, Components & Variants, Responsive Layouts, Typography, Visual Hierarchy

Web Fundamentals: HTML5, CSS3, WordPress, Responsive Design

FEATURED UI/UX PROJECTS

E-Commerce Shopping Experience — End-to-End UX Case Study

Figma

- Conducted qualitative and quantitative primary research surveying 7 users to identify key friction points in product discovery, filtering, and purchase decisions.
- Performed competitive benchmarking against Amazon, Flipkart, and Croma, analyzing information density, card hierarchy, review credibility, and checkout funnels.
- Translated user findings into structured personas, task flows, information architecture, and low-fidelity wireframes before designing final high-fidelity screens.
- Built a scalable UI component library using Figma Auto-Layout and Variants (navigation bars, product cards, dynamic filters, pricing displays, and primary buttons).
- Developed an interactive, high-fidelity clickable prototype in Figma demonstrating streamlined multi-item comparison and checkout flows.

WanderScape — Travel Website UI Design

Figma

- Designed a travel website interface in Figma featuring a destination-focused hero carousel, destination cards, and dedicated holiday, About Us, and Contact Us sections.
- Practised visual hierarchy, typography, layout consistency, and travel image presentation to build an engaging and immersive browsing experience.
- Organized multi-section content flow including contact forms, interactive location maps, and promotional packages to ensure seamless content discoverability.

Amazon Web & Mobile Interface Recreation & Prototyping

Figma

- Recreated core web and mobile UI screens of the Amazon e-commerce platform to practice precision layout replication, 8pt grid spacing, and typographic scaling.
- Constructed interactive prototypes simulating end-to-end catalog browsing, search navigation, and checkout user flows.
- Practiced component structuring, Figma Auto-Layout, and interaction states across complex, high-density product listing interfaces.

EDUCATION & CERTIFICATIONS

Certification in UI/UX Design (6 Months) — VSIT Institute, Dwarka, New Delhi — 2026

B.A. (Honours) in English — University of Delhi — 2022 – 2025

M.A. in English — Indira Gandhi National Open University (IGNOU) — 2026 – Present
